

FOREO reveals the secrets of skincare gifting season

FOREO's Skincare Secrets UFO 2 gift set comes with 30 UFO Power Activated Masks

Swedish beauty and tech giant FOREO has announced the launch of its Skincare Secrets Collection for this year's holiday gifting season.

The new holiday gift sets will be available at global travel retail channels, including Hyundai Duty Free in Korea, China Duty Free Group (CDFG) in China, and KrisShop and Shilla Duty Free in SEA for a limited time.

The four available sets highlight FOREO's star products, namely the UFO 2, UFO mini 2, LUNA mini 2 and the BEAR.

The UFO 2 set comes with 30 UFO Power Activated Masks. The set contains the UFO 2 device, and one box each of Manuka Honey, Green Tea, Bulgarian Rose, Coconut Oil and Acai Berry UFO Power Activated Masks.

The UFO mini 2 set contains 32 UFO Power Activated Masks. The set includes one box each of Manuka Honey, Green Tea, Bulgarian Rose, Coconut Oil and Acai Berry UFO Power Activated Masks.

The UFO mini 2 device is said to provide flawless skin in just 90 seconds, and uses instant warming to help the ingredients from each mask penetrate better into the skin.

FOREO's third option for the Skincare Secrets Collection set features the two best-sellers, LUNA mini 2

and the UFO mini 2, to both cleanse the skin and prepare it effectively. Included in the set is one box of Acai Berry UFO Power Activated Masks, alongside a 20ml Micro-Foam Cleanser.

To tone and firm the facial muscles, the BEAR set includes the BEAR and a 30ml Serum Serum Serum for the jawline. The BEAR uses microcurrent to firm and lift contours of the face, providing a youthful look.

FOREO Global Travel Retail Director Gary Leong said: “FOREO has become well-known for providing amazing gifting options every holiday season, which are attractive in terms of the products we include and also the competitive pricing. Holiday sets have become a staple for us and we look forward to curating them to ensure that everyone gets to enjoy our star products at the best price possible.”
