

Summer sale: Beluga Noble's special-edition vodka

Beluga Noble Summer vodka is available from June 2019 in Dufry airport shops in Europe and in Dubai Duty Free

Beluga Noble Summer is the new special edition from Beluga Noble vodka, available from June 2019 in Dufry's European airport shops and in Dubai Duty Free.

The new edition is inspired by summer holidays and seaside resorts.

The bottle is decorated in light and bright tones, giving the impression of relaxation. Clean gold, white, blue and yellow lines create an image of sunny, seaside and mountain landscapes with different activities: sailing, balloon rides and beach rest under umbrellas.

A small Beluga fish is depicted on the bottle in shiny gold.

Beluga Noble Summer is a seasonal extension of Beluga Noble vodka, having the same liquid.

The rich taste is achieved through the malt spirit and pure water from Siberian artesian wells. These carefully selected natural components pass through a triple filtering system. Afterwards, Beluga Noble Summer is left to rest for 30 days. This method helps to neutralize the smell of the spirit and to enhance the soft flavor.

Beluga is the number one vodka in the super-premium and ultra-premium segments in Russia.

Beluga seeks to combine industry-leading, cutting-edge equipment and traditional techniques to create an exclusive product symbolizing nobility and craftsmanship.
