

Hamad International Airport welcomes Somon Air connecting Dushanbe and Doha

The first touchdown was commemorated in the presence of executive members of Hamad International Airport, representatives from Qatar Civil Aviation Authority, Somon Air and officials from the Embassy of Tajikistan in Qatar, with a cake-cutting and welcome celebrations

Hamad International Airport (DOH) proudly welcomes Tajikistan carrier Somon Air, as it begins operations between Dushanbe and Doha. This inaugural charter service reflects the growing demand for tourism and business travel from Central Asia, including Tajikistan, to Qatar.

The inaugural flight from Dushanbe to Doha took place on November 28, 2024, marking a significant milestone for both Hamad International Airport and Somon Air. The first touchdown was commemorated in the presence of executive members of Hamad International Airport, representatives from Qatar Civil Aviation Authority, Somon Air and officials from the Embassy of Tajikistan in Qatar, with a cake-cutting and welcome celebrations.

The route is being served by a Boeing 737-800, configured with 189 seats, ensuring comfortable travel for passengers. Dushanbe is an exciting addition to Hamad International Airport's expanding network, marking the airport's eighth Central Asian destination, both scheduled and chartered.

With a flight duration of approximately 3 hours and 50 minutes from Dushanbe to Doha, this new connection underscores the importance of enhanced bilateral relations between Qatar and Tajikistan. The route is expected to strengthen cooperation in cultural, humanitarian, economic, trade, and tourism sectors, further solidifying the ties between the two nations.

DOH remains dedicated to expanding its global reach, offering travellers new opportunities to

experience the best of Qatar and beyond.
