

# DFWC Webinar: 2021 - The Year of Recovery? receives strong interest

The Duty Free World Council (DFWC) webinar, 2021 - The Year of Recovery? will be held on Wednesday, February 3 at 14.00 - 15.30 (CET).

The keynote presentation from ACI World will highlight the latest air traffic data globally and regionally and will focus on the aviation industry recovery trajectory.

The content program will also feature updates from the council, regional associations and TFWA on efforts to gain support for our industry in these exceptional challenging times.

To date, registration has demonstrated a high level of interest. Still open, please visit the following link to register for the event: [https://us02web.zoom.us/webinar/register/2021 - Year of Recovery?](https://us02web.zoom.us/webinar/register/2021-Year-of-Recovery?)

“Previous webinars have been very well received by attendees and I am sure that the latest data and forecasts from ACI and updates from the regional associations and TFWA will be a huge benefit to industry stakeholders, as they plan their way forward in 2021 and beyond. I encourage all industry stakeholders to participate in this event” shares Sarah Branquinho, DFWC President.
