

# TFWA Asia Pacific exhibitors impress delegates

The TFWA Asia Pacific exhibition floor was opened in dramatic style with an auspicious dragon dance designed to bestow good fortune on the exhibitors. Over 313 exhibitors set up booths in the newly extended floorspace which covers over 11,000 square meters.

Alongside brands that have exhibited for many years are sixty newcomers who are making their first appearance at the event or returning after a short period. These include Kering Travel Retail, Rémy Cointreau, Mavala Switzerland and Chow Tai Fook Jewellery. Exhibitors have pulled out all the stops with creative and innovative ideas designed to entertain and impress delegates.
