

DFWC to host webinar mapping the current market environment and key initiatives to restart business

The Duty Free World Council (DFWC) will host a webinar, Planning to Restart, to present key updates on the current state of the duty free & travel retail industry, reviewing the most up to date air traffic data, courtesy of ACI World and highlighting the measures taken by the Council itself and the regional associations. It is a must attend webinar for executives from all industry stakeholders.

This event will give a holistic perspective on the current state of the air travel market and recovery forecasts, complimented by global and region by region briefings on the activities carried out to ensure the important contribution the duty free & travel retail industry plays in the broader travel & tourism, aviation and maritime sectors is fully understood and supported under the recovery plans being drawn up by global, regional and national authorities.

Keynote presentations will be given by Ms. Sarah Branquinho, DFWC President, and Mr. Patrick Lucas, Director Economics, ACI World. The presidents of the industry's regional organizations will provide a deeper perspective by region.

The webinar will be held on Wednesday, June 3 from 14.00 – 15.30 hrs CET.
