commercial expertise to the role and has a strong track record in driving growth. I look forward to working closely with Fwu Wren, and the wider leadership team, as we manage the impact of COVID-19 and drive the future growth of our Auckland business,” says Nuno do Amaral, Chief Operations and Business Development Officer, ARI.

“I am delighted to be appointed as General Manager of ARI Auckland. I am fortunate to have a strong team here in Auckland and while it’s been a challenging year and a half, we are now well positioned to take advantage of any opportunities that come our way, as the industry recovers from the impact of COVID-19.

I look forward to leading the team and working collaboratively with Auckland International Airport to deliver the best duty free shopping experience to our customers. We have good strategic plans in place for the business and I am excited to be able to make these plans a reality,” comments Fwu Wren.
