

London Supply celebrates 20th anniversary with message and video

Following is a letter penned by London Supply President Teddy Taratuty on the occasion of the famous travel retailer's 20th anniversary. We at Global Travel Retail wish the company a very happy anniversary and much success in the years ahead.

Dear Friends,

On a day like today, 20 years ago, we were inaugurating the Puerto Iguazú Duty-Free Zone and its retail sector, our beloved Duty-Free Shop Puerto Iguazú.

These past 20 years in the world of business have been defined by our constant commitment to growth, proactive approach to adaptation, and the dedication and effort that have served as invaluable tools when facing even the most complex scenarios.

They have been defined by innovation, the commercial excellence that characterizes us and the multiple awards we have received from around the world.

But more than anything, they have been defined by our people. Their dedication, their professional commitment and their values, that reflect everything we believe in at London Supply Group.

Those who have been with us on this long journey have been the protagonists and witnesses of the profound impact we have had on Misiones and its community. This is because we contributed to the growth of Puerto Iguazú as one of the destination's main tourist attractions, of course, but also because of the humanitarian work we have performed through our Foundation. It is a true point of pride for this company, and it would not have been possible without the support, empathy and human quality of our people.

I am moved by the thought of everything we have achieved over these past 20 years, and everything we will achieve in the future with all our incredible potential.

I am deeply thankful to everyone who, in one way or another, is part of the history of this Duty-Free Shop. My only wish is that the future finds us together on this same path, which 20 years of experience have proven is undoubtedly the right one.

Happy 20th anniversary to Duty-Free Shop Puerto Iguazú!
